Boosters & Bouillons

Description

Krio Krush's Booster stock bases are a convenient and economical way to give savoury dishes a superb finish. The powder can be added to boiling water to create a liquid stock or use as a dry mix to flavour soups, sauces, casserole bases, as well as seasoning stir fry's, rice dishes, vegetables and as a substitute to salt. Krio Krush's Bouillon stock bases are more concentrated, therefore give a more intense flavour.

Recommended Usage

Boosters: 5grams - 10grams per kg of total product weight.
Bouillons: 4grams - 8grams per kg of total product weight.
